25-Apr-05

Greetings!

After a long winter, the month of April allows us to become reacquainted with our gear and with the water.

This month we enjoyed our annual Easter Egg dive and party. A great time was had by all. Once again, John Sears and his son "planted" the eggs off Back Beach. It was a little harder to come up with the cherished orbs this year because only a handful made it back to shore. After the dive, we all enjoyed an excellent afternoon at Dodie Carvalho's home. I want to thank each and every one of you for making the annual Easter Egg dive such an enjoyable event.

We also had an outstanding presentation on Antarctica by Susan Copelas. The scenery both above and below the water was breathtaking. Susan's narration was very entertaining and made us all feel like we were right there with all the penguins. Thanks, Susan for a great presentation!

Many of our members attended the MetroWest Wrecks Symposium and Jonathan Bird's O.R.G. Benefit Event. Although, as the TV ad suggests, "the map (directions) was a disappointment", everyone eventually made it to the shows.

I also want to pass some kudos' this month to our Presentation Team of Daryl Findlay for providing us with the all-important projection and sound systems and John Ferrier for lugging around the very large screen. Without these two important contributions, our video evenings

would be rather lack-luster! Thanks, gents for a job well done.

Coming up for this month, we have the start of another great boat diving season with Captain Fran and the *Daybreaker* out of Cape Ann marina. If you are interested in booking a boat dive, please let our activities committee know. We can give you all the information you need for a fun and enjoyable morning (or afternoon) on the sea.

We also have in May, a presentation by Jerry Shine on New England's Best Shore Diving. Jerry's presentation has been seen at this year's Sea Rover's convention. Be sure to catch this event and see the hidden dive gems in our own backyard!

As always, check out the activities listing in this issue for more details, or go to our constantly updated activities listing at

<http://www.geocities.com/nsfrogmen/activities.html>.

As always, we, the powers that be, are eager to listen to any of your comments, concerns, and suggestions! Come up and talk to us after a meeting or just send an email to:

DiveTalk@hotmail.com

and you WILL be heard!.

NSF Jackets!

Mia Peluso is working on getting an order going for NSF jackets. She has brought samples to a couple of club meetings and the consensus appears to be for a reversible shell-fleece design that comes in navy. The NSF logo will be embroidered on both sides so it will show whichever way you wear it. Price is coming in at about \$70. There will be an option to have your name embroidered on the flap above the pocket for a slightly higher cost.

The embroidered sample that Mia has shown us looks outstanding! Consider one of these great jackets for your wardrobe.

Contact Mia for more information.

excellent Easter Egg Party
and for providing
wonderful weather again!**

By Ray Porter

April concludes the annual membership renewal drive. We do, of course, accept membership renewals throughout the year. But with the completion of the Easter Egg dive, we now look to finalize the Buddy List and prepare for the dive season.

In an earlier time, the Club considered capping membership at 150 members. Many members had dual membership with the Metro West Dive Club, and there were fears that Metro West might take over the North Shore Frogmen. Over the past several years membership has dropped at all area clubs and a membership cap seems absurd. Today, the Club membership (as of the April 21st meeting) is 58. A few members still have dual memberships. Relationships between the clubs have become more cooperative.

Regular members are the heart of the club. Their support helps the Club meet its basic financial obligations and their active participation in club diving, meetings and events bring vitality. There are 39 regular members, including Mike Tyson and Greg Sonek who just joined this year (welcome to the Club!). Faith Ortins maintains her connection to the Club with an Associate Membership. We will look for her on DUI Demo Days.

There are 14 Life Members, people with 25 or more years of continuous membership. A few still attend meetings and participate in club events, but most we see only infrequently. A recent visit from Tom Murphy was a welcome treat. At the end of the year we will be adding a couple of more names to this distinguished list.

Keeping current members and inviting new members is the key to club growth. Invite a dive friend to a club dive, special meeting or social event. Let those members listed below know that we welcome their continued involvement with the North Shore Frogmen.

Air Bubbles – May 2005

DUI DOG Rally and Demo Days
Stage Fort Park, Gloucester, MA
May 13-15, 2005

This is a unique opportunity to try DUI drysuits, divewear insulation, Buoyancy Control Systems, and Weight & Trim Systems. We also have technical seminars, a special program for Public Safety Divers, door prizes and more. Most everything you'd like to know about the event is listed below. If you have any additional questions, please contact DUI's Customer Service at CustomerService@DUI-Online.com or 800.325.8439.

Your event ticket entitles you to participate in all aspects of the demos, enjoy a barbecue lunch, and participate in the raffle. Admission to the facility is free. You can find more information about the area at www.gloucesterma.com or www.divenewengland.com.

All activities will begin at 9am on Saturday and Sunday.

Schedule of Activities

Demos: Demos will be conducted Saturday from 9am-5pm and Sunday from 9am - 4pm. Each demo will consist of a dive briefing, equipment sizing, and an opportunity to ask questions after the dive. As soon as there are 2-3 people ready to go in the water, an experienced drysuit diver or instructor will escort you on your dive. If you are a certified drysuit diver, you are welcome to dive with your own buddy. You can do as many dives as you wish. With numerous suits there usually is little wait, though you may need to wait a short time for the specific type of drysuit you want.

Barbecue Lunch: This is served to all participants from 11am -2pm. Lunch is included for participants. Family members of participants can enjoy the lunch for \$5. Small children are free with a paid adult.

"How to" Seminars: Informative and fun "How to" seminars will be taught throughout the weekend. Topics for these 20 minute seminars will include but are not limited to Insulation Strategies, Proper Weighting, Why Women Get Colder, and When to use Dry Gloves and/or Argon. A schedule with more detailed information will be posted in the tent.

Field Repair Seminar, Sunday 11am-12pm: We will demonstrate seal replacement, changing valves and overall tips on maintaining drysuits. Space is limited and pre-registration is recommended. To register contact DUI Customer Service directly at 800.325.8439 or CustomerService@DUI-Online.com.

Public Safety Diver Seminar: A special seminar on Friday, May 13th from 1pm-5pm will be open to all public safety divers and instructors. This program entitled Exposure Protection for Public Safety Divers is designed to address questions about which type of drysuit is appropriate for different types of public safety diving. Diving in contaminated water is a major topic. All divers will be given the opportunity to do test dives in DUI products as well. See the Public Safety Fact Sheet for more detailed information.

Underwater Photography and Videography: Other seminars on photography will be offered by Joe Wysocki from Optiquatics. Optiquatics offers a full range of photography and videography equipment from basic point and shoot cameras to high end digital systems.

Saturday Evening Dinner & Program: This is a great opportunity to talk with dive industry leaders, have a great dinner and talk diving! The dinner will be held in the DUI tents at the park. The entire evening is only \$10 per person and begins at approximately 6pm.

Door Prizes for All Participants: All divers who complete the demo will get a commemorative DUI TEST DIVER hat and have their names entered into a drawing for more prizes. DOGs can get a hat upon presentation of their DUI equipment.

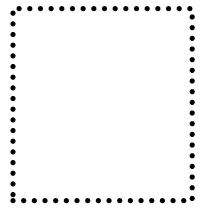

Special Opportunities for DOGs: In addition to the free test diver hat for DUI owners, DOGs who bring a friend with them to test dive DUI products will receive a FREE DOG Commemorative pin

If you have any questions whatsoever, please see your DUI dealer or contact DUI Customer Service!

We hope to see you there!
