

## Dive with the North Shore Frogmen's Club!

Thank you for your interest in our club. The North Shore Frogmen's Club, Inc., is an adult (male and female 21 or over) club with nearly 100 members. We are affiliated with the Bay State Council of Divers, Inc., and meet weekly each Thursday, at 8:00 P.M. at the Palmer's Cove Yacht Club in historic Salem.

*Founded in the Fall of 1957, we are one of the Oldest Continuously Active Dive Clubs in the World. Incorporated in 1958 we were featured in a double-page photo spread in LIFE magazine in 1959. We've been featured in Northeast Dive News.*

As a club we promote safe, enjoyable diving. We dive year-round - starting on New Year's Day! Our activity schedule includes weekly club dives, night dives, ice dives, boat dives, and wreck dives.

Also included are family weekend trips, club picnic and banquet, and winter dives.

For those who seek winter recreation without getting wet or lack dry suits, many of our members enjoy skiing. Skiing has grown to become an abiding passion for those seeking to keep fit year round.

Our "**BUDDY LIST**" enables members to contact each other to dive.

### *New Years' Day Dive, Jan. 1<sup>st</sup> 2011*

Historically, our club has participated in community services that included search and rescue operations in support of area harbor masters, police and fire departments. Our members travel to the tropics for dive vacations throughout the year, individually and as groups.

### *Homarus americanus, Mmm, a Favorite!*

Besides business meetings where our annual calendar of activities gets planned, weekly meetings also include dive related discussions; *Dive Talk!*

Featured guest speakers present on a wide range of subjects, including underwater photography, Marine Fisheries laws, lobstering, maritime history and marine archaeology. Members also share their experiences with slide shows to exotic dive destinations. We even have "Movie Nights" where entertaining videos on dive related subjects are featured. Weekly raffles offer a chance to add to your gear bag.

Our members come from all walks of life and to join, you need only share our love and respect for the sea. Diving certification is required. Our members are beginning divers, sport divers, experienced divers, as well as a few instructors and professional divers. You'll be diving with people considerate enough to help you suit-up, and patient enough to dive with you. Our members' experience will show you where the best dive sites are and help you perfect your diving skills.

Membership entitles you to our monthly newsletter: *Air Bubbles* with articles of timely interest to our members including a calendar of coming events, featured speakers, dive tips, equipment reviews, reports on members' dive trips and occasionally even seafood recipes.

## OUR BACKYARD

*Fort Sewell, Marblehead Harbor looking across to Marblehead Light*

The North Shore from Marblehead to Cape Ann is regarded as some of the best diving in the North East.

As our name implies, we hail from the North Shore. On any given weekend throughout the year, our hardy members can be seen diving some of the premier dive sites this region has to offer.
